### SCHEDULES

Dear Parents and Students,

As many of you know and have been checking in Powerschool that schedules are posted. We would like you to know that these are not the set schedules at this time. We are working on finalizing the master schedule and all of the students schedules. This can not be done unless the schedule is in Powerschool and live. Over the next two weeks there will be changes in the schedules as staffing is finalized for the year and schedule conflicts are resolved. We ask that everyone is patient as this is completed over the next two weeks. We will notify the school community when this is complete and at that time course changes can be made. Once again thank you for your patience.

Sincerely,  
SCC Administration
