

Summer Earth Science Review

Teacher - Jen DuBois

Email - dubois@saratogacatholic.org

Objective -

This summer tutorial course will focus on topics that students found specifically tricky based on the results of their Regents exam. Students will receive remediation on these topics and will complete a minimum of four Regents exams prior to the August Regents exam.

Expectation -

That students will spend a minimum of 3 hours per week outside of class time to review material and complete past Regents exams. Students will come to class with questions that they want to discuss and will be active participants in their own learning.

Structure -

Classes will meet from 8:45 to 11:00 a.m. predominately on Mondays and Wednesdays (see the schedule below). Homework will be posted on Schoology and the expectation is that students will complete the work prior to the class and will arrive at class ready to ask questions about the material.

Materials needed -

Please bring paper/notebook, folder, calculator for the first class and a laptop computer by July 13th (for simulation work) for all future classes.

Meeting Dates/Times/Topics -

Monday, July 11 (8:45 - 11 each day) - students will review topics that were unsuccessfully completed on the June 2016 Regents. Topic specific homework will be assigned for the July 13th class.

Wednesday July 13 - students will review topics that were unsuccessfully completed on the June 2016 Regents. Topic homework will be assigned for the July 20th class.

Wednesday July 20 - students complete topic specific studies and begin to focus on specific Regents exam taking skills and use of Earth Science Reference Tables.

Wednesday July 27 and Aug 3 - I will be away, but we will be working and communicating via Schoology ... students will complete assignments on Schoology and submit work for comment.

August 8 and August 10 - students will work on Regents Exam questions and effective testing strategies.

August 15 and August 16 - students will be engaged in a final exam

discussion and review using prior Regents Exams.

Contact -

Please feel free to email with any questions and/or concerns.
