Mr. O is asking for old Android cell phones

Hello Parents,
I am in the need for several old/unused Android cell phones. They need to be in working order. The Tech 8 class is learning how to write apps for Android phones. If a student has a Windows or Mac machine, the students can download an Android emulator. But, if a student has a Chromebook there is no emulator. However, an Android phone can be used as the emulator via a USB connect or WiFi. This is why I am asking if anyone has an Android they can donate.
Thank you, Mr. O.

Student Banking is Here!

Saratoga Central Catholic School Banking Program

Your local credit union understands the important role a solid financial education plays in the development of children. We are committed to making a meaningful difference in our community by developing a school banking program to help children save money on a regular basis and keep them mindful of the importance of money management.

We Are In Your School

The credit union has accomplished this by incorporating strong financial habits in the place where your child spends most of their time – in school. By integrating educational sessions in the classroom with routine savings habits through our onsite banking program, we can guide today's youth to a brighter future.

A representative is available to visit your school to encourage regular savings habits and good spending behavior. Students will learn the value of saving money and how deposits and withdrawals effect their balance, all in the comfort of their own school.

Our School Banking Program is open to students, teachers, staff, administration and parents too. Our representative will visit your school every 1st & 3rd Thursday of the month between 10:30 - 11:30 AM.

Need a Reminder? Text Alerts are Here!

If you or your child need a reminder, sign up for text alerts. It's the easy way to remember when it is School Banking Day. Text **SCFCU SSC** to **67076** to begin receiving your reminder.
