**12<sup>th</sup> Grade Meningococcal Vaccine Requirement**

Dear 11<sup>th</sup> Grade Parents/Guardians,

New York State Public Health Law, Section 2164 requires **students entering 12<sup>th</sup> grade to have two doses of the Meningococcal conjugate vaccine** (Menactra, Menveo or MenQuadfi) **in order to attend school. If the first dose was given at age 16 or older, the second dose is not required.**

We encourage you to speak to your child's primary care provider at the time of their annual physical or contact them if your child already had a physical to ensure your child is up to date on this vaccine requirement.

Please provide a copy of the Meningococcal vaccine record to the health office as soon as possible so we can update our records. If you have already done so, then you may disregard this letter.

For any questions or concerns, please contact the health office.

Thank you,

*Denise Kowalski R.N.  
S.C.C. School Nurse*
